DETAILED ACTION

The following is a response to the amendment received on March 20, 2006 which has been entered.

Response to Amendment

Claims 1-4 are pending in the application.

-The objection to claim 1 has been withdrawn due to applicant correcting grammar errors.

-The 103(a) rejections of claims 1 and 3 has been withdrawn due to applicant amending claim 1 with limitations not disclosed by the prior art of record used in the rejection.

-Claims 2 and 4 were indicated as having allowable subject matter.

Allowable Subject Matter

Claims 1-4 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or render obvious a motivation to provide for:

-(as to claim 1) a drive power transmission having a gear shaft, a clutch having plates wherein the inner plates are engaged with an engaging portion formed on the gear shaft and a clutch operating device pressing at least one of the inner or outer plates of the clutch against a bottom of a cylindrical front housing of the power transmission and in combination with all the remaining limitations of claim 1 (only the claim taken as a whole combination is deemed new and unobvious).

-(as to claim 2) a drive power transmission having a partition wall formed on a differential case and extending from an opening end of the case perpendicular to a rotation axis, a clutch case forming a housing chamber with the partition wall by being put on and secured to a circumferential edge portion of the wall, a rear housing having a large diameter portion, a small diameter portion and an annular intermediate portion joined at an outer and internal surface of the large and small diameter portions and in combination with all the remaining limitations of claim 2 (only the claim taken as a whole combination is deemed new and unobvious).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
